The Application Process:

Applications can be turned in at the middle school office during the months of February and March. After the March deadline, applications will still be accepted, and students' names added to the waiting list. No advantage is gained by turning in an application ahead of someone else. No research about students' behaviors or attitudes is conducted by the teachers when making the placements. We strive to create as diverse a student population as possible.

Any attachments, including work samples, photos, testimonials, will unfortunately be disregarded by the teachers during the placement process.

Parents will receive a letter by the end of April that tells if their child was selected for the Tolt Multi-Age Program. If you would like confirmation that your application has reached Mr. Grassley safely, email him at grassleyj@rsd407.org.

Applicants are encouraged to attend the evening informational meeting offered by the Multi-Age teachers, Wednesday, March 21, immediately following the parent night presentations in Tolt Middle School's Multi-Age Program classroom (E-505). Attendance is encouraged, but has no effect on the application process.
